

REMARKS

Claims 1, 5-7, and 11-13, inclusive, remain in this application, with independent Claims 1, 7 and 13 each being rewritten in the foregoing amendment to incorporate allowable subject matter indicated by the Examiner in Claims 4, 6, 10 and 12. Claim 1 has been amended to add the allowable subject matter of Claim 4 as well as the limitations of intervening Claims 2 and 3. Claim 7 has likewise been amended to add the allowable subject matter of Claim 10 together with the limitations of intervening Claims 8 and 9. Accordingly, Claims 2-4 and 8-10, each have been canceled in their entirety. Independent Claim 13 has been amended to add the allowable subject matter separately indicated in Claims 4 and 10 with respect to the "housing means" and in Claims 6 and 12 with respect to the "bracket means", with the additional recitation of the "infrared camera means" necessary as a basis for the housing means recitation.

As the foregoing amendment presents the remaining Claims in the suggested form containing the allowable subject matter, entry of this amendment is therefore requested and should be made as a matter of right to place the application in condition for allowance.

Reconsideration and prompt allowance of the application are therefore earnestly solicited.

Respectfully submitted,
